

Procurement Operations Specialist (m/w/d)

Belden is the leading signal transmission solution provider. With more than 10,000 employees, we care for our customers worldwide. As a global leader, we design, produce, and market system solutions tailored to the needs of mission-critical network infrastructure. Markets where our solutions are used include industrial and building automation as well as the broadcast industry. Belden offers innovative solutions for reliably and securely transmitting ever-increasing volumes of data needed for modern industrial applications. With its Hirschmann and Lumberg Automation brands, Belden is playing a key role in global change toward a connected world.

As part of the Belden Group, Belden Deutschland GmbH offers innovative and high-performance networking components and intelligent wiring solutions for automation technology.

For the locations Neckartenzlingen or Venlo we are looking for a permanent and full-time employee with immediate effect:
